

**NOMAD™** | MOUNTS TO ANY BAR THAT IS .5" TO 2" IN DIAMETER

## 1. ADAPT

Clean the surface of your device. Center the iOadapt™ on your device then apply with firm pressure to device or case while on a flat surface and adhere. **Allow adhesive to set at least 8 hours before first use. For best results, let it set overnight.**

## 2. TIGHTEN

Pull on strap to firmly tighten.

## 3. TUCK IN

## 4. ATTACH

Mount your smart phone, GPS, or other small device that has been adapted to the iOmounts system.

## 5. REMOVE

Lift the tongue and push the strap through to remove the nomad™ from bar.

## iOmounts™ COMPONENTS

### iOadapt™

The iOadapt™ is a stainless steel disk that attaches to your smartphone, tablet, e-reader or other approved device.

**NOTE:** The iOadapt™ is NOT a magnet!

### iOcore™

The iOcore™ is a magnetic cylinder that connects your devices to the motorcycle mounts, stands, wall mounts, car mounts and other iOmounts™ products once the iOadapt™ is adhered to your device. (Available in many colors.)

## APPLICATION NOTES

- ➔ Each iOadapt™ utilizes permanent adhesive and is very difficult to remove once applied. Klock Werks and/or iOmounts™ are not responsible for any damages caused by the removal of the iOadapt™.
- ➔ iOadapts™ supplied with the nomad™ and motorcycle-specific mounts are intended for phones and smaller devices only, and will not support full size tablets, e-readers and larger devices.
- ➔ Do not use on silicon type or heavily textured cases!

**WARNING:** When riding or driving, please follow your state laws regarding device use.
